Choose the Holistic approach

Holistic Therapy considers the whole
person: the body, the mind, the
spirit, and the emotions.

Through a proper balance of all these
parts you can achieve optimal health.

please note

Do not heat or dissolve in hot drinks.

Do not refrigerate.

Crystallisation may occur and it is a great sign!

Only pure honey crystallises and this doesn't affect the effectiveness of the product.

Pure raw honey is 100% natural, therefore it can change shades of yellow, consistence and texture.

This is the beauty of its purity.

It's not a medicine.

If pregnant or breastfeeding please consult your doctor.

Not recommended for infants; for children use, please consult your doctor.
